

Cheapside Futurama EX.

Winghill Dispersal Sale of Dual Purpose Shorthorns

**Selling at the
Ancaster Sales Barn
Ancaster, Ontario**

**Highway 403
off Queen Elizabeth Throughway
at Hamilton
35 miles west of Toronto**

**Wednesday, November 19
1975
1 p.m.**

Robert Fulsom, Auctioneer

Ross Hewitt, Pedigrees, etc.

The sale of Winghill Farm in May, makes it necessary to disperse the herd established in 1932.

May 1947 brought the dispersal of the well-known Stanham Herd of top English Dairy Shorthorn Bloodlines; Stanham Irma W(V.G.) and Stanham Kirklevington W (EX.) were purchased; three months later, the purchase of the six head not offered to the public were purchased: giving the Winghill Herd eight of the best progeny by the well-known Wicklesham Lord Wildeyes Ex., English Import and Almer Cavalier 6th V.G. also an English import.

The best sires available have been used continuously; the herd was R.O.P. recorded until January 1974, thus the youngest females have not been recorded for production.

The help and association of many Shorthorn Breeders in Canada and the U.S.A. has been most appreciated.

There are no regrets at this time, only a deep satisfaction in being privileged to pass cattle of the best bloodlines on to you, the breeders of the future. May each purchase add to the quality of your herd, to your pleasure and profit.

Sincerely,

Walter Hill

There will be auctioned during the Sale, two vials of semen from Highbarns Lord Barrington 414531D G.P. Imported.

A complete set of Canadian Shorthorn Herd Books and part of another set.

The book—"Shorthorn Cattle" by Alvin H. Sanders, is a complete history of the breed, beginning with its origin in Northern England to its development in Canada and the United States, with an Appendix bringing the record down through the opening years of the twentieth century.

Hoof trimmers, calf dehorner, castrators, horn weights and tattoo set.

MAIL BIDS

Those who wish to buy and cannot attend the sale, may send buying orders to the following:

Bert Pepper, Secretary Manager,
Canadian Shorthorn Society,
Gummner Building, Guelph, Ontario
Telephone (519) 822-6841

Please remember to bring your catalogue to the sale. Thank you.

HEALTH STANDING OF THE WINGHILL HERD

—Brucellosis Certified

—Fully Accredited (last herd test October 16, 1974)

TERMS AND CONDITIONS

BIDDING will be by number allotted on signing in for the Sale, a charge of one dollar will be returned in number draws during the sale. A sterling silver Olympic Coin Set donated as a grand draw, will conclude the sale.

TERMS: Cash or Cheque. Purchasers are requested to make settlement with the Clerk as soon as the sale is over, and to see that all information is supplied to the Clerk, as called for on the slip handed to the buyer when animal is sold.

If TWO or more bidders claim an animal when announced SOLD, the sale of said animal will be reopened and the decision will be in favour of the highest bidder.

THE OWNER will represent and be responsible for his animals and guarantee them as represented. Complaint should be made to the Owner before the close of the sale. The seller is not responsible for damage caused by foreign bodies after animal is sold, inclusive of mummified calves, nor for sickness not evident at sale time.

ALL ANIMALS are at purchaser's risk as soon as sold but will be cared for during a reasonable length of time after the sale. Announcements of dates of services and corrections will take precedence over the matter in the catalogue.

ALL GUARANTEES are made by the sellers. Neither the Management nor the compilers of the pedigrees assume any responsibility whatever. The Management acts only as agent for the seller and the seller must be responsible in every way for his animals.

ACCIDENTS: Neither the Auctioneer, the Sale Management, nor the Owners will be in any way responsible for the condition on the grounds or the behaviour of the animals and disclaim any liability in the event of personal accident or property loss.

BREEDING GUARANTEE

ALL ANIMALS sold are guaranteed to be breeders. All animals sold in calf are considered breeders. No animal is guaranteed to be in calf. If an animal is with calf when sold and becomes a nonbreeder after she drops that calf, the seller will not be responsible. Any cow fresh within four months of day of sale is by that fact considered a breeder.

A FEMALE sold open which fails to get in calf within four months from date of sale, after being bred regularly to a bull known to be a breeder and treated by a competent veterinarian, shall be reported in writing to the Seller, who shall also be allowed four months on his own farm to prove the animal a breeder. At the end of the second 4 months period, if the animal has not conceived, the seller shall refund the purchase price of the animal, no additional charges to be made by either party.

BUYERS shall notify the seller in writing at first indication that any purchased animal may not be a breeder.
